

# Voilà

## Mission

Voilà provides wireless innovative products for enthusiasts of all things smart to build a smarter, faster, safer, and more human-friendly space.

## Vision

A world where everyone is empowered to embrace simplicity in their lives with innovative technological solutions.

## OUR PRODUCTS

- **Controllers**
- **Lights**
- **Switches & Accessories**
- **Landscape Lighting**

## OUR TECHNOLOGY

From AC and DC products to remote controls and accessories, create premium and customised integrated solutions with our range of products.

## PREMIUM AND CUSTOMISABLE

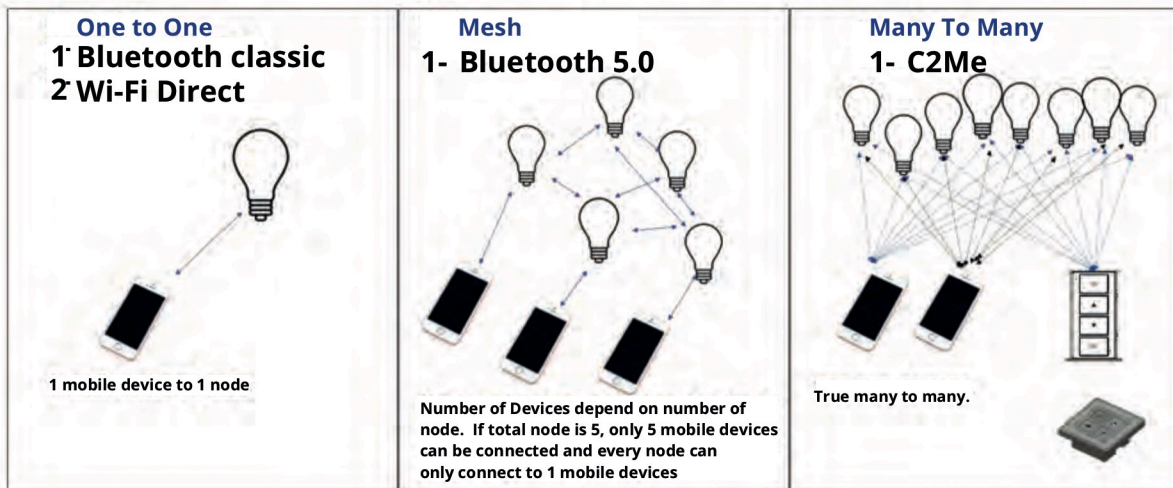

Voilà's integrated solutions are easy to install and Internet ready from day one. Powered by patented technology developed in Singapore, our solutions are secure, reliable, and user-friendly.

## UNIQUENESS

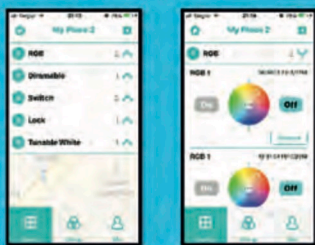

- **Fast, easy to set up and even easier to use.**
- **Up to 4 billion devices can be connected and controlled without a hub or router**
- **Cost-effective and minimise changes to your existing system**
- **Simple, secure and reliable**

# DIRECT CONNECTIVITY BY BLUETOOTH

Our wireless technology innovation primary criteria are to focus exclusively on mid operating range, low data transmission direct, low power consumption, and low cost for smart devices.

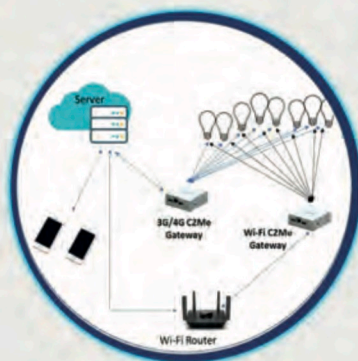

# SIMPLE REMOTE ACCESS TOPOLOGY

### C2ME Lighting Mobile Apps

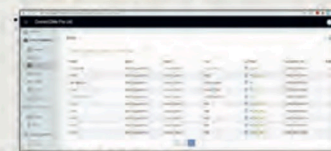

Setting up the devices into the system is fast simply by scanning the QR code using C2ME consumer phone app (free) and without any need of special equipment.

## SIMPLE TO SETUP & INTERNET READY

### C2ME Enterprise System

Whenever we need to extend from local control without internet or carrier services, to control externally via internet, our gateway is also available with C2ME Web Management System.
